

## HAWKING ADJOURNED

## LEDUC SHOOTING CASE

Constable Evidence Produced Regarding the Halloween Tragedy Leduc

Trial of John Spunel, K. Klomik and G. Marionowski came up at a Fire Hall yesterday afternoon before C. H. Stuart Wade, J. P. C. de W. McDonald appeared on behalf of the crown and N. B. Millar for the defence. The R. N. W. M. P. had charge of the case. J. J. Johnston, Leduc, was the first witness called. He testified having been one of a number of young men who had been together at the village street about half past seven o'clock on the 31st of October. He had walked up the street with a number of the boys who were afterwards fired upon by one of the prisoners and he had then gone home.

A. Therault was the next witness. On the evening of Halloween, Spunel, one of the prisoners, had told Therault that he intended getting a gun and he would shoot any one that would interfere in any way with his blacksmith shop.

Constable McBrayne had seen Reid and a number of his companions about seven o'clock in the hotel where he had gone in to warn the bartender that it was closing time. They were not drinking. On his way from one hotel to the other he passed about six young men on the sidewalk near Anderson's store. When he came out of the hotel they were going south along the Camp River. Another crowd of young men were some fifty yards ahead. He was aware that Halloween pranks might be played so he resolved to follow them. He had since been aware that a burglar had been placed on top of a real estate office and that sticks had been put on the sidewalk. He had been told that Klomik's burglar had been taken and turned upside down in a trough. He had followed the boys down the street and had later arrested the three prisoners.

J. G. Nipon was next called. He was personally acquainted with Reid. He, Jordan, Leask and Dodge had met at the hotel and having previously arranged with other young men to meet at a small bridge near Klomik's blacksmith shop, they were walking quickly to overtake Reid and his party. They were going from there to another part of the village to return trucks which had already been played on some of their party. He heard someone in the blacksmith shop say "Here's a go, boys," or words to that effect, then a shot was heard and he saw Reid drop. Did not imagine Reid had been seriously hurt, thought probably the gun had been loaded with salt. He went to Reid and after carrying him a short distance sighted a match and saw that he was seriously wounded. Later with Dr. Sutherland he had driven Reid to Edmonton where he died about half an hour after getting here.

Dr. Wilson who conducted the post mortem examination was next called. He described the wound. He had extracted grains of shot from the walls of the heart and stomach. He could not tell at what elevation the gun had been fired.

G. I. Zie, a German, was the next witness. He is a resident of Leduc. He had kept Stellmacher's gun in

his house. On Halloween about nine o'clock Marionowski, the prisoner, had borrowed it. He did not say why he wanted it.

G. Stellmacher testified that the gun in question was his.

Mr. De'ge was the last witness called. He was with Reid when the fatality occurred. Later he had found the gun, Stellmacher's, in Klomik's blacksmith shop.

This concluded the evidence for yesterday and the case was adjourned until Thursday afternoon next.

## EDMONTON A CITY

Edmonton became a city by ordinance of the North-West Legislature yesterday, and the event was celebrated by a civic banquet last night. The Thistle Rink was the scene of the festivities, and made a magnificent dining hall, decorated most elaborately as it was with flags, streamers, deer and buffalo heads, and musk ox robes, of which a profusion were in evidence. An excellent imitation of a log cabin, the home of pioneers, was erected at the north end of the dining hall, and a real teepee, occupied by real Indians, was in the northeast corner. The spacious building, with its polished floor, and high arched roof, lent itself readily to the display appropriate to the occasion. The idea of the teepee and cabin, with the rink and its splendid appearance and decorations, was to show in semblance the growth of Edmonton from an Indian camping ground and trading post to the full estate of a city amongst the cities of the world. A beautiful collection of photographic views of Edmonton scenery, past and present, added to the attractions of the occasion.

Four long tables were arranged parallel to each other and lengthwise of the hall, with a fifth table acrosswise of the building at the north end of the four. At this table sat Chairman Mayor Short, and invited guests, including Chief Justice Sifton, Alderman W. H. Cushing, Messrs. J. N. Block, Divisional Supt. on the C. P. R., and Rev. Dr. Yerdman Supt. of Presbyterian missions, Calgary, E. Michener, mayor, and H. O. Gault, president of the board of trade, Red Deer. Mr. Fowler, president of the board of trade, Wetaskiwin; A. C. Rutherford, M.L.A., and J. J. Mackenzie, of Strathcona; and Rev. D. G. McQueen, Prof. Riddell, and F. Oliver, M.L.A., Edmonton. Mr. McCauley, first mayor of Edmonton, and now of Toftfield settlement, occupied the vice-chair. Upwards of one hundred persons, including most of the leading men of Edmonton, sat down to the tables, and were served with an excellent repast. A general invitation had been issued to ladies to be present to hear the speech making, and a very large number attended, arriving at the conclusion of the dinner about 9:30. They occupied the seats along the sides of the building which had been made not only comfortable but luxurious by an abundance of musk ox robes.

The toast list was begun about 9:30.

Mayor Short opened the proceedings with a short and appropriate speech, and concluded by proposing the first toast, King and Country. This was drunk with the usual honors, and H. Stutchbury sang, "Here's Health unto His Majesty."

"The Army and Navy" was proposed by the vice-chairman, Mr. McCauley.

Mr. Jackson Hanby sang "The

Death of Nelson," and as an encore, "Mary of Argyle."

Letters of regret at inability to be present were read by the chairman. All expressed the best wishes towards the new city.

"The Houses of Parliament," proposed by the chairman, was responded to by A. C. Rutherford, M.L.A., of Strathcona.

"The Land of the Maple" was sung by a quartette composed of Messrs. H. Stutchbury, H. W. Heathcote, G. H. McLeod and C. E. Race.

"The Old Timers" was proposed by the vice-chairman, and responded to by Dr. McKay, F. Oliver, M.P., and J. H. McLaughlin.

"Men of the North" was sung by Mr. Stutchbury.

"Trade and Commerce" was proposed by the chairman, and responded to by Messrs. Fowler of Wetaskiwin, Gault, of Red Deer, and Niblock of Calgary.

"Better Cities and Towns" was proposed by the vice-chairman, and responded to by Messrs. W. H. Stutchbury, Calgary; E. Michener, Red Deer, and Jas. Reilly, Calgary.

"Queen of the Earth" was sung by Mr. McLeod, and as an encore, "Annie Laurie."

## TO-DAY'S WAR.

London, November 7.—Special despatches from Chefoo and Tientsin report that the defenders of Port Arthur have retired to the Liayi Hill fort, where they are holding out desperately, entrenched, and with ten guns of large calibre. Many Russians the correspondent asserts are deserting and surrendering. The Japanese, it is added, are advancing with irresistible energy. More reliable reports do not confirm this statement. But the Tokyo report of the capture of Wei-tai H. H. commanding the Fort within two miles of the railway, terminates shows that the Japanese are making rapid strides.

Chefoo, January 8.—As the result of a month's preparation, Vladivostok is now strongly protected, according to Captain Halvorsen, of the Norwegian steamer Fungus, which has arrived, five days out from that port, with seven hundred Chinese refugees, who were unable to live there any longer owing to the high prices of food and other necessaries. Capt. Halvorsen says that the Vladivostok system of fortifications begins many miles outside the city proper, and grow stronger as the city is approached. Ships laden with food, cannon ammunition and all sorts of military stores, frequently arrive at Vladivostok. The captain says the European residents of the city show their confidence in the security of the port by evidencing an unwillingness to leave it. The harbor of Vladivostok, the Captain says, has been mined for a distance of seven miles. Contact mines have been laid within the remaining three miles. Electric mines have been planted. Mail trains arrive and depart from Vladivostok every day, and there is now stored an immense supply of coal taken from mines in the neighborhood of the city.

Mukden, November 6.—Quiet continues. The Japanese are still working hard entrenching their front which begins to look like a continuous fort. It is believed that they are preparing seriously to advance, making their front strong possibly in order that it may be held with a comparatively small force, while the heavier force engages in flanking movements. The Japanese have learned by bitter experience not to expect much from a frontal attack. There is considerable evidence to indicate that the Japanese will make every effort to force the Russians out of Mukden not only for the moral effect on Europe, but upon the Chinese as well. Mukden is extremely important to them as winter quarters. The Japanese continue to re-

ceive reinforcements, and it is believed by Russian military men, that their advancing depends upon accumulating sufficient men.

St. Petersburg, November 7.—Sir Charles Harding, the British Ambassador to-day submitted to Foreign Minister Lamsdorff three additional articles of the Anglo-Russian agreement: the first providing for legal assessors for the contracting parties; the second for a division of the expenses of the commission.

Constantinople, November 7.—A Russian volunteer steamer, with supplies, coal and water, passed through the Dardanelles to join the Russian squadron.

Mukden, November 6.—Despatches to Berlin state that the Russian commanders are preparing their men to hear of the fall of Port Arthur.

## C. N. R.

Dr. Goodwin, of Vegreville, was in last year's C. N. R. re-entrance of the C. N. R. grade complete where the line crosses the Vermilion river and flats, about four miles north of Vegreville, and several grading outfits, which have completed their contracts near Lloydminster, have moved west of the completed portion at Vegreville, and are now working between there and Sreekford. Eastward to Lloydminster the graders are at work or have the work completed in all low places. The higher land is being left untouched at present, as it can be worked much later in the fall, and earlier in the spring than the low ground. East of Lloydminster the work is practically completed.

Grading has progressed much more rapidly and satisfactorily this season than was expected, and assures the completion of the road to Edmonton early next summer.

## HAROLD NELSON

Harold Nelson and his talented company presented the romantic military drama, Heart and Sword, last night to a crowded audience in Robertson Hall. Mr. Nelson, as Prince Victor, the hero, Miss Scott as Princess Sylvia, the heroine, and Clifford Lane Bruce, as Frederick Stobach, the villain of the piece, are all favorites in Edmonton, and amply sustained that reputation last night. The new members of the company show marked talent in their various parts.

To-night the play is Faust, with Mr. Nelson as Mephisto. A crowded house is assured.

Don Caesar de Bazar, a very pleasing comedy, in which Mr. Nelson has already appeared with much acceptance, will be presented.

## GREETED SIR W. LAURIER

### CHEERING THOUSANDS

Meet Sir Wilfrid upon his arrival in the city and extend him a marked ovation.

### Bulletin Special Despatch.

Ottawa, November 24th.—Sir Wilfrid Laurier received a magnificent demonstration on his arrival here last night after the close of an arduous and successful campaign. There were large crowds, several bands and the people cheered lustily all the way from the depot to the Premier's residence.

### MAY CAUSE TROUBLE

Rome, November 7th.—Rioting took place at Innsbruck Saturday due to hatred between Italians and Austro-Germans in the Italian Provinces in Austria which latter for five centuries have attempted to Germanize Austria. The rioting may endanger the good feeling between Austria and Italy.

### A MAJORITY OF SIXTY-SIX

Ottawa, November 8th.—The Laurier Government now has a majority of 66. Four elections are yet to be held which will probably go Liberal.

### AGREEMENT REACHED

London, England, November 12th.—After to-day's cabinet meeting the Foreign Office stated that an agreement on the subject of the North Sea inquiry was practically complete.

### JUSTIFIABLE KILLING

Detroit, Mich., November 7th.—Edward Howard was shot and instantly killed yesterday by his son Arthur, aged 21 years, while the older man had his wife and daughter pinned to the floor by their throats.

### ATTACKED BY CHINESE

St. Petersburg, November 6th.—Kuropatkin reports that Col. Bagdanoff, who went to explore Mongolia, was attacked by Chinese bandits, and with two interpreters killed. Severe measures will be taken.

### PROTECTION OF DEER

The game ordinance respecting deer has been amended to read as follows:—

Any of the deer family, whether known as caribou, moose, elk, wapiti deer or otherwise, in that portion of Assiniboia lying south of township 22 and east of range 23, west of the second meridian between the 30th of November and the 15th of November in the following year and in any event not more than two of such animals and in other parts of the Territories between the 15th day of December and the 1st day of November in the following year and in any event not more than three animals of any one species of such family.

### NORTH WEST RETURNS

Latest returns from Qu'Appelle gave Thompson, Liberal, 12 majority over Lake, Conservative. All polls heard from.

Talbot's majority, Strathcona, to date is 1,999, with twelve polls to hear from, which will increase his majority.

The count in the North-West is, Liberals, 7; Conservatives, 2; not heard from, 1.

### TALBOT'S MAJORITY

The majority of Peter Talbot, in the Strathcona constituency, is still growing. The latest returns place it at a little over 1,830, with several polls to hear from.

### Washing Proves

There's only one real test of unshrinkable underwear—the wash tub. Two or three hard rubbings will soon shorten the usual so-called "unshrinkable" underwear. That's why the directions for washing are so elaborate—why there are so many "ifs" and "don'ts."

### Stanfield's Unshrinkable Underwear

is absolutely unshrinkable. The wash tub proves it. Your dealer guarantees this to you—and we back up that guarantee to him. We know it won't shrink because it can't shrink. Our special process takes out the shrink before the garments are cut. Even then, each one is tested by washing.

## JAPS MAKE FIERCE ASSAULT ON THE RUSSIAN FORTRESS AT PORT ARTHUR

The Japs Pierce the Russian Centre and Terrific Hand to Hand Fighting Ensues. Port Arthur sore Pressed.

London, November 7.—A Daily News despatch from Daloy, November 6, via Kobe, November 7, says: "After three days' continuous bombardment of Port Arthur, which caused extensive destruction to forts in the centre of the Russian line of defense, the right wing of the Japanese army assaulted Shojusan yesterday afternoon. The assailants entrenched themselves under the faces of the forts. In the evening the left wing delivered an assault on Keekowan, fighting its way to the lower parapets. There the Japanese held their ground in the face of a Russian counter attack. Having been reinforced during the night the Russian charged down upon the Japanese and a desperate hand to hand conflict ensued.

The Japanese boat took the enemy however, and recaptured the two coveted positions in front of the moat. A Japanese sub-lieut., with thirty volunteers, succeeded in making way to the rear of the fort, and engaged in a personal conflict with a Russian officer and killed him. He discovered two more defenses in the rear moat. The sub-lieut. withdrew his forces, losing two men. Later in the night the advanced position of the Japanese was taken and retaken twice. The besiegers succeeded in holding the approaches and constructed trenches. At dawn numerous dead were visible on the slope.

These operations have driven an effective wedge into the Russian centre. Explosions and extensive fires have occurred in the fortress during the past few days.

The total casualties of the Ja-

panese in the late attack were one thousand. Over six hundred were killed up to October 29. The spirit of the men is magnificent. The firing of all the guns is wonderfully effective. The climax of the bombardment came between 4 and 5 on Saturday afternoon. It was a superb spectacle. Every fort of the enemy was engaged, and the fighting in the trenches was severe. The outposts of the contending forces were only forty feet apart. At 1 o'clock this morning one of the Japanese trenches collapsed into a Russian gallery. The enemy being surprised underground fled in confusion.

Montreal, November 7.—A despatch from Mukden says that the Japanese forces attacked the Russian outposts Saturday night, and were repulsed.

New York, November 7.—A despatch to the Herald from Evanson, Korea, via Chefoo, says: 15,000 Russian troops with 12 guns are south of Tumen river carrying on raids with 4,000 cavalry, menacing the Japanese line of communications. The Russians by long detours frequently appear at the rear of the Japanese outposts.

St. Petersburg, November 7.—Viceroy Alexieff arrived here Friday. General Grippenberg and staff leave Vilna for the front on November 17. The mobilization of the rifle brigades is proceeding at Odessa and other military centres. The lack of officers for service at the front results in the mobilization of all reserve officers in St. Petersburg, Vilna, Warsaw, Kieff, Odessa, Moscow, and the Caucasus. Thirteen thousand officers were lost at Liao Yang.

## UNITED STATES ELECTIONS

The Vote is Taking Place To-day. Attempts Being Made to Lessen Corruption. Election Forecasts in Evidence.

New York, N. Y., November 7th.—It is election eve. Democrats pin their faith to a statement by Chas. Murphy, leader of Tammany Hall Governor O'Brien said Parker's plurality in the city would have to be less than 140,000 if he is to carry the state.

The feature of the election in the city will be the remarkably close watching of poll. Unusual efforts have been made to prevent illegal voting. One thousand deputies will be at work to police and party watchers. One hundred secret service men will watch foreign born men who may present forged naturalization papers. It is expected that the vote cast will be the heaviest ever in New York City.

Boston, Mass., November 8.—To-day takes place the Massachusetts ballot for the presidential and state officers, members of Congress, State House and Senate representatives. The success of Roosevelt is conceded by Democrats.

Washington, November 7th.—The Capital is practically deserted on the eve of the election, hundreds of officials having gone home to vote. Felix Hay and Garton are the only cabinet members remaining. Arrangements are complete for the President's trip to Oyster Bay where he will cast his vote. Returning to Washington to hear the returns at the White House. Odds are 2 to 1 that Roosevelt will carry New York state.

## GRAIN MARKETS

Threshing has made good progress and will be over in a couple of weeks more if the weather holds. The yield of oats and wheat is light, but the sample of both grains is good. Barley gives a better yield than either wheat or oats, and the sample is as good.

Wheat is being marketed somewhat freely. The top price offered yesterday was 85c. Oats are also coming in. 25c is offered.

Barley is mostly used for feed, for which purpose it is generally chopped with oats or rejected wheat.

## U. S. ELECTION RETURNS

The United States election returns will be checked on the Bulletin blackboard this evening. Some of the eastern returns should be in fairly early in the evening.

## LATE ELECTION RETURNS

Toronto, November 6.—The standing of the parties in Ontario is 37 Liberals and 47 Conservatives.

Recounts will probably take place in Brantford, where Cochrane, Conservative, is elected by 15. In London, where Hyman, Liberal, has a majority of 23. In East Elgin, where Ingram, Conservative, has 22 majority; and in Wentworth, where Sealy, Liberal, has 17 majority.

The figures are still incomplete from Macdonald, Marquette, Souris, East Assiniboia and Portage la Prairie, but there will be no change in the political complexion of the winners.

All the returns are in from Selkirk constituency. The majority for Jackson, Liberal, is 510.

Halifax, November 7.—From all quarters of the Dominion are coming congratulations to the men who carried the standard of Sir Wilfrid Laurier to victory in Nova Scotia. The complete returns have dashed the opposition in this city. They were so confident of electing both of their candidates, and even predicted a large majority for Mr. Borden, that the verdict of the people gave them a jolt from the effects of which recovery is not likely to be rapid.

Reche's majority is 569 and Carney's 311 over Eorden.

The sweep in Nova Scotia was a terrible blow to the Conservatives, but it was no surprise to the Liberal leaders and the party generally, who knew how strongly the tide was running in favor of the Government. The victories won by Hon. E. Laurier in Colchester; E. M. MacDonald in Pictou; A. K. McLean in Lunenburg; Dr. Black in Windsor; and the splendid triumph of H. J. Logan in Cumberland, created the greatest enthusiasm; but the signal success of the old Liberal stronghold, and the large majorities of other Liberal standard bearers, were not forgotten.

That third party candidates were not popular in Nova Scotia was conclusively shown by the small support was given the Independents in Digby, Cape Breton, North and Richmond. In the former Comenau, who was sprung as a surprise on polling day, managed to secure only 138 votes, where A. S. Cope, Liberal, got 2,842, and Grierson, Conservative, 1,698. In Cape Breton, where the most spectacular battle of the campaign was fought, the labor candidate, McNeil, was also at the foot of the poll with 851 votes, and Alex. Sebastian a popular young Liberal candidate came out of the contest winning over Dr. McKay, ex-leader of the Conservatives of the local house by a 347 majority.

Mr. Johnston had a stiff proposition to face at the outset, but he accepted the challenge bravely, and won by a signal victory in Richmond. The candidature of Mr. Paint was evidently not taken seriously, as he only secured 25 votes in the whole of the county. He, as well as Comenau, will lose his deposit. In Antigonish if McIsaac had polled one more vote Cameron, Conservative, would have lost his deposit. Sir Frederick Borden, minister of militia, won a decisive victory, and King proved itself to be the banner Liberal county of Nova Scotia, by giving the minister a majority of 2,206, an increase of about 700 as compared with 1900. His victory is all the more notable as Sir Frederick was absent from his constituency during the greater part of the campaign.

## Great Northern Extensions

St. Paul, Minn., November 4.—The first Canadian wheat to enter Duluth from the direct route from the Northwest Territories will be handled

from the international line to northern shipping points by the Great Northern. Surveys have been completed for an extension from the Iron Range country to Boadette, where a junction with the Canadian Northern will be obtained, completing the route from the head of the lakes to Winnipeg, supplementing existing Canadian Northern lines and new Canadian Northern lines that will be completed by the time the Great Northern mileage under survey built. The Great Northern's extension will afford an outlet for traffic from the tremendous Manitoba and North-West Territories area.

### Winnipeg Markets

#### Commercial:

OATS—Deliveries are moderate and the demand good. It is reported that receipts will be decidedly scarce owing to the farmers being busy plowing, etc., and neglecting threshing.

No. 2 and 3 white, however, are easier, while feed oats are advancing, adding more on a level with No. 3. We quote 31 1-2 to 32 1-2c per bushel for No. 2 oats to-day, and 29 1-2 to 30 1-2c for No. 3. Feed grades are worth about 29 to 30c. These prices are all for car lots on track here.

BARLEY—Receipts very light, demand good. No. 3 barley is worth 37c per bushel. No. 4, 35c; and feed grade 34c on track at Winnipeg.

WHEAT—The Manitoba wheat market has for the most part been rather dull and inactive throughout the week. There was some slight expectation that there might be a squeeze in closing up the October trades, but evidently they had been provided for in good time as there was plenty of spot wheat for sale on Monday. Since then cash wheat is selling at a shade under November price. Shippers are not active, and stocks are accumulating at Fort William; the increase there last week being 973,71 bushels, against an increase of 41,431 bushels same week last year. Prices to-day are 1 north-

### The Commission and the Lumbermen

Ottawa, Nov. 5.—The railway commission yesterday gave judgement in the complaint of the British Columbia Lumber and Shingle Manufacturers' Association against the C. P. R. for discriminating in its freight rates on its line, a rate of ten cents per hundred pounds having been imposed upon cedar lumber in excess of the rates charged upon the lumber, namely pine, fir, spruce and other kinds of lumber. The commission holds this to be an excessive charge upon cedar as compared with the rates upon other lumber, and therefore issues an order that the company and all other companies desist from charging a higher rate upon cedar than is charged upon fir, spruce, pine and other lumber.

## THREE YEARS OLD

WHEN the tobacco I have personally selected in Cuba is delivered at my factory, I begin a special treatment to still further cure it—develop its delightful aroma.

This special treatment requires two to three years, depending on the "crop."

I work it thoroughly—through various processes of fermenting and drying in specially made apparatuses that enable me to keep the tobacco in each process at certain fixed temperatures and moist or dry at such a degree of humidity—necessary to bring out the virtues I insist on in each cigar.

By having the filler so aged and treated, I make my Pharoah a smooth, palatable smoke—one with a delicate incense-like flavor and very even combustion.

The binder and wrapper are the Connecticut Broadleaf and the imported Sumatra respectively—both tobaccos that delight the epicure.

None genuine unless branded
